November 29, 2011

Honorable Board of Directors
Sacramento County Water Agency

It is a pleasure to submit the Comprehensive Annual Financial Report (CAFR) of the Sacramento County Water Agency Enterprise Fund (Agency) for the fiscal years ended June 30, 2011 and 2010, as prepared by the staff of the Accounting and Finance Section of the Finance and Administration Division of the Sacramento County Water Agency.

Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the Agency's management. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported to present fairly the financial position and results of operations of the Agency. All disclosures necessary to enable the reader to gain an understanding of the Agency's financial activities have been included in the CAFR.

An independent auditor audits the basic financial statements of the Agency's enterprise fund each year. The firm of Vavrinek, Trine, Day & Co., LLP was selected to perform the independent audit for the fiscal years ended June 30, 2011 and 2010. The goal of the independent audit was to provide reasonable assurance that the basic financial statements of the Agency's enterprise fund for the fiscal years ended June 30, 2011 and 2010 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the Sacramento County Water Agency Enterprise Fund's financial statements for the fiscal years ended June 30, 2011 and 2010 are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles (GAAP). The independent auditors' report is presented as a component of the financial section of this report.

The independent audit of the basic financial statements of the Agency's enterprise fund is part of a broader, federally mandated "Single Audit" at the countywide level. It was designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the basic financial statements, but also on the audited government agency's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available by contacting the Sacramento County Department of Finance, Auditor-Controller Division.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The Agency's MD&A can be found immediately following the report of the independent auditor.

PROFILE OF THE WATER AGENCY ENTERPRISE FUND

The Agency, created in 1952 pursuant to the Water Agency Act (Act), is a separate legal entity from the County of Sacramento. Although a separate legal entity, the Sacramento County Board of Supervisors acts ex officio as the Agency's Board of Directors while Sacramento County Department of Water Resources' personnel acts as Agency staff.

The sector of the Agency covered by this report is the Water Supply Division which is accounted for in the Agency's enterprise fund. Its purpose is to provide a high quality supply of water to retail and wholesale customers, as well as to construct and operate groundwater and surface water facilities and infrastructure that will continue to provide safe and reliable water for years to come.

To facilitate the collection of fees to run the operations of the Agency and enterprise fund, the Act allows for the creation of Zones within Sacramento County. Each Zone covers a geographic area in which a fee or charge is imposed to fund projects or operations of benefit to the area within the Zone. Currently there are three Zones covered by this report – Zone 40, 50 and 41.

The Agency water supply service area spans some 122 square miles and includes portions of the unincorporated area of Sacramento County and the cities of Elk Grove and Rancho Cordova.

FACTORS AFFECTING FINANCIAL CONDITION

Development fees and water service fees are the two primary revenue streams that fund activities of the Water Agency Enterprise Fund. As is occurring nationwide, construction activity in the Agency's service area has slowed significantly over the last several fiscal years as compared to the fiscal year 2004-05 record high. The following table reflects historical and current data on the Agency's total impact fees which is a good indicator of economic growth in the area.

Fiscal Year:	2005-06	2006-07	2007-08	2008-09	2009-10	2010-11
Total Impact Fees:	\$24.3M	\$17.1M	\$15.7M	\$7.9M	\$7.4M	\$9.8M
Annual Percent Increase (Decrease) From Prior Year:	(25.7)%	(29.6)%	(8.2)%	(49.7)%	(5.9)%	31.6%

Although construction activity has declined over the last few years, the number of service connections (new water accounts) to the Agency's water system continues to grow at a pace greater than the number of permits issued to connect to the water system. This indicates that inventory is being used in the Agency's service area and no excess is occurring. The following table reflects the historical, current and projected growth in number of retail connections:

Fiscal Year:	2007-08	2008-09	2009-10	2010-11	Projected 2011-12
No. of Connections:	47,760	48,438	49,069	49,580	50,180
Annual Percent Increase (Decrease) From Prior Year:	2.6%	1.4%	1.3%	1.04%	1.21%

Although the Agency Enterprise Fund's service area has historically relied on the underlying groundwater basin for most of its water supply, the Agency's long term planning has always included the development of a significant supply of surface water to allow for the effective management of groundwater and to meet

projected future demands. Surface water currently accounts for about 10% of total Agency enterprise fund water supply; other sources of supply such as recycled water and recaptured remediated groundwater are also being considered.

The use of groundwater in conjunction with surface water (called "conjunctive use") is a basic element of the Water Agency Master Plan. The importance of conjunctive use is evidenced by the Agency's long-term commitment to the collaborative regional water planning effort called the Sacramento Water Forum. To meet a key Water Forum objective, the Agency has partnered with East Bay Municipal Utility District to construct a joint regional surface water supply project on the Sacramento River near the community of Freeport and adjacent to the City of Sacramento.

LONG-TERM FINANCIAL PLANNING: In February 2005, the SCWA Board of Directors approved the SCWA Zone 40 Water Supply Master Plan (WSMP). The purpose of the WSMP is to provide a flexible plan of water management alternatives to meet projected water demands in Zone 40 through the year 2030. The WSMP describes a conjunctive use (groundwater-surface water) program and identifies the major facilities needed for its implementation: a surface water diversion structure, surface water treatment plant, water pipelines, water storage tanks and pump stations, wells and groundwater treatment facilities. The total cost of capital projects identified in the WSMP is estimated at \$726 million (2005 dollars).

To fund the needed surface water treatment plant, diversion structure and related improvements, \$413.4 million in Revenue Bonds were issued in May 2007. This included \$43.2 million to advance refund most of the 2003 Revenue Bonds. The revenue bonds are scheduled to mature on June 1, 2034 and 2039.

ACCOMPLISHMENTS: The Agency enterprise fund has continued to deliver a reliable supply of high quality potable water to all of its customers. In fiscal year 2010-11, the Agency completed a number of capital improvement projects including eleven facility improvement projects, eight water transmission main projects, and two water well improvement projects.

The Agency enterprise fund has also continued to administer and provide partial funding for the Sacramento Central Groundwater Authority JPA for maintaining the long-term sustainable yield of the Central Basin, overseeing the operation of a Well Protection Program, devising and implementing strategies to safeguard groundwater quality and working collaboratively with other entities in order to promote coordination of water policies and activities throughout the region.

CURRENT DESIGN AND CONSTRUCTION ACTIVITIES: The Agency enterprise fund's capital improvement program strategy is to provide infrastructure concurrent with growth, to meet all regulatory requirements, to improve capital program efficiency, and to follow its Master Plan strategy guided by the Agency enterprise fund's annual capital budgeting process. Capital improvement projects currently in the design or construction phase include a major surface water treatment facility, one storage tank, eleven facility improvement projects, two water wells, and two transmission main projects.

FUTURE DESIGN AND CONSTRUCTION ACTIVITIES: From fiscal year 2011-12 through 2013-14 approximately 71% of the Agency enterprise fund's capital improvement project expenses will be for water production and treatment facilities. Most new transmission pipelines will be installed by developers with reimbursement by the Agency enterprise fund. The Agency enterprise fund's existing infrastructure is well maintained and relatively new and therefore not in need of significant capital replacement.

The Agency enterprise fund intends to construct approximately \$67.5 million in major water facilities through fiscal year 2013-14, including \$21.4 million for its share of the construction costs of the Vineyard Surface Water Treatment Plant Project and the Freeport Regional Water Project, which is a joint venture of the Agency and the East Bay Municipal Utility District. The jointly owned facilities will consist of a Sacramento River diversion structure and a raw water conveyance pipeline and, under separate contract, the Agency enterprise fund will construct the first phase (50 million gallons per day, mgd) of a 100 mgd surface water treatment plant that is scheduled to begin operation in early fiscal year 2011-12. California Environmental Quality Act (CEQA) requirements for all of these projects have been satisfied.

The remaining \$46.1 million of the \$67.5 million in capital projects planned for the near-term include the following:

\$ 18.6 million	water treatment wells and facilities
11.9 million	transmission mains
7.8 million	fluoridation treatment
.6 million	pipeline replacement
.8 million	master plans
1.4 million	water meters
.5 million	water rights
<u>4.5 million</u>	other projects
\$ 46.1 million	total projects planned for near-term

INTERNAL CONTROLS: Agency management is responsible for establishing and maintaining internal controls designed to ensure that the assets of the Agency are protected from loss, theft, or misuse and to ensure that accounting data are compiled to allow for the preparation of financial statements, in conformity with generally accepted accounting principles. The internal controls are designed to provide a reasonable, but not absolute, assurance that these objectives are met recognizing that: (1) the cost of control should not exceed the benefits likely to be derived and (2) the valuation of costs and benefits requires estimates and judgments by management.

BUDGETARY CONTROLS: The Agency prepares an annual operating and capital budget which is presented to the Board of Directors for review and approval. The budget, as approved by the Board, serves as an approved plan for operational control and performance evaluation, and provides the financial basis for the Agency enterprise fund's operations.

The Department of Water Resources and the County of Sacramento impose controls that require the use of requisitions, purchase orders, contracts and specific approval for purchases of goods and services. Procedures have been established to verify expenses and ensure budgeted amounts are not exceeded. Monthly comparisons of actual to budgeted revenues and expenses will identify any significant variances that may require the Agency enterprise fund to take corrective action.

DEBT ADMINISTRATION: The Sacramento County Water Financing Authority issued \$50 million of revenue bonds in June 2003 to finance Agency capital improvement projects. In May 2007 an additional \$413 million of revenue bonds were issued, at which time \$41.7 million of the 2003 bond issue was advance refunded. The additional bonds were issued to finance Agency capital improvement projects. The Agency's strong financial performance is indicated by the bond ratings of this debt issue, which were Aaa (Insured) by Moody's and AAA (Insured) by Standard and Poor's. Underlying ratings were A2 by Moody's and A+ by Standard and Poor's. The Agency's continued strength is evidenced by Moody's reaffirmation of its A2 rating in August of 2009 and Standard and Poor's reaffirmation of its A+ rating in March of 2011. As a result of Moody's April 2010 bond recalibration the Agency's current rating with Moody's is Aa3.

CASH MANAGEMENT: The Agency enterprise fund's unrestricted cash and investments are maintained in Sacramento County's pooled cash fund. The County Treasurer is responsible for managing the investment of pooled cash fund resources.

Cash temporarily idle during the year was invested in money market mutual funds, negotiable certificates of deposit, time certificates, commercial paper, municipal notes, and U.S. Treasury and Agency investments. The average yield on investments during fiscal 2010-11 was 0.5128 percent. The yield rate for a one-year U.S. Treasury note during the same period was 0.25 percent.

The County Pooled Investment Fund Policy is designed to minimize credit and market risks while maintaining a competitive yield on its portfolio. All collateral on deposits was held either by the County, its

agents, or a financial institution's trust department in the County's name. The investment pool is subject to oversight by the Treasury Oversight Committee.

AWARDS AND ACKNOWLEDGEMENTS

The Agency enterprise fund's Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2010 was awarded the Certificate of Achievement for Excellence in Financial Reporting by the Government Finance Officers Association of the United States and Canada (GFOA). The Certificate of Achievement is the highest form of recognition for excellence in state and local government financial reporting. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized CAFR, whose contents conform to program standards. Such a report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is only valid for a period of one year. We believe our current report continues to conform to the Certificate of Achievement Program requirements and we will be submitting our report for the current year to the GFOA to determine its eligibility for another certificate.

The preparation of the CAFR on a timely basis could not have been accomplished without the efficient and dedicated services of the accounting staff of the Department of Water Resources. Each staff member has our sincere appreciation for the contributions made in the preparation of this report.

We also wish to thank staff of the Sacramento County Department of Finance for their cooperation and assistance. And in closing, the Sacramento County Agency's Board of Directors must also be recognized for its unfailing support of the highest standards of professionalism in the financial management of the Agency.

Respectfully submitted,

Michael L. Peterson

INDEPENDENT AUDITORS' REPORT

Honorable Board of Supervisors
County of Sacramento, California

We have audited the accompanying financial statements of the Sacramento County Water Agency Enterprise Fund (the Fund), a component unit of the County of Sacramento, California (the County), as of and for the years ended June 30, 2011 and 2010, as listed in the table of contents. These financial statements are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As discussed in Note 1, the financial statements present only the Sacramento County Water Agency Enterprise Fund and do not purport to, and do not, present fairly the financial position of County of Sacramento, California, as of June 30, 2011 and 2010, and the changes in its financial position, or, where applicable, its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Sacramento County Water Agency Enterprise Fund, a component unit of the County of Sacramento, California, as of June 30, 2011 and 2010, and the respective changes in financial position and cash flows thereof for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 29, 2011, on our consideration of the Fund's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis on pages 3 through 7, is not a required part of the basic financial statements, but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements. The introductory section, statistical and bond disclosure sections listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such additional information has not been subjected to the auditing procedures applied in the audits of the basic financial statements and, accordingly, we express no opinion on it.

Varrinik, Trine, Day & Co. LLP

Sacramento, California
November 29, 2011

**SACRAMENTO COUNTY WATER AGENCY ENTERPRISE FUND
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEARS ENDED JUNE 30, 2011 AND 2010**

This section of the Agency's comprehensive annual financial report presents a discussion and analysis of the Agency's financial performance during the fiscal years ending June 30, 2011 and 2010. Please read it in conjunction with the transmittal letter at the front of this report and the Agency's basic financial statements following this section.

FINANCIAL HIGHLIGHTS

- The assets of the Agency exceeded liabilities at June 30, 2011 by \$420.4 million (*net assets*). Of this amount, \$33.1 million (*unrestricted net assets*) could be used in meeting the ongoing obligations to customers and creditors. \$28.8 million was restricted for revenue bond reserves, debt service, and capital construction purposes (*restricted net assets*) and \$358.5 million was invested in capital assets, net of related debt. At June 30, 2010, the net assets of the Agency exceeded liabilities by \$389.8 million (*net assets*). Of this amount, \$51.3 million was unrestricted, \$28.8 million was restricted for revenue bond reserves, debt service, and capital construction purposes (*restricted net assets*) and \$309.7 million was invested in capital assets, net of related debt.
- The Agency's total net assets increased by \$30.6 and \$26.3 during fiscal years 2010-11 and 2009-10, respectively. These increases were attributable to the Agency's normal operations, contributions, increased water rates, and its operating income for the respective fiscal years.
- The Agency's total long-term debt obligations decreased by \$24.5 million during the 2010-11 fiscal year. This net decrease was mainly due to principal payments on bonds payable, release of escrow retentions related to long-term construction contracts, and a decrease in the negative SWAP liability. During fiscal year 2009-10, long-term debt obligations increased by \$7.4 million which was mainly due to a change in the negative SWAP liability that was recognized in implementation of GASB 53.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Agency's basic financial statements. The Agency's basic financial statements are comprised of two components: the fund financial statements and notes to the financial statements.

Fund Financial Statements are designed to provide readers with a broad overview of the Agency's finances.

The *Statements of Net Assets* presents information on all Agency assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Agency is improving or deteriorating.

The *Statements of Revenues, Expenses, and Changes in Fund Net Assets* presents information showing how net assets changed during the most recent two fiscal years. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected service charges).

The *Statements of Cash Flows* present information about the cash receipts and cash payments of the Agency during the two most recent fiscal years. When used with related disclosures and information in the other financial statements, the information provided in these statements should help financial report users assess the Agency's ability to generate future net cash flows, its ability to meet its obligations as they come due and its need for external financing. It also provides insight into the reasons for differences between operating income and associated cash receipts and payments; and the effects on the Agency's

SACRAMENTO COUNTY WATER AGENCY ENTERPRISE FUND
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
FOR THE FISCAL YEARS ENDED JUNE 30, 2011 AND 2010

financial position of its cash and its non-cash investing, capital and related financing transactions during the year.

Notes to the Basic Financial Statements provide additional information that is essential to a full understanding of the data provided in the Agency's financial statements. The notes are included immediately following the financial statements within this report.

FINANCIAL ANALYSIS

As previously noted, net assets may serve over time as a useful indicator of the Agency's financial position. As of June 30, 2011, and 2010, net assets exceeded liabilities by \$420.4 million and \$389.8 million, respectively. During the fiscal year ended June 30, 2011 and 2010, net assets increased \$30.6 and \$26.3 million, respectively.

The following table summarizes the changes between assets, liabilities and net assets as of June 30, 2011 and 2010:

Agency's Enterprise Fund Condensed Statements of Net Assets
(Amounts Expressed in Thousands)

	<u>2011</u>	<u>% Change</u>	<u>2010</u>	<u>% Change</u>	<u>2009</u>
Current assets	\$ 41,984	-23.3%	\$ 54,704	-33.3%	\$ 81,971
Restricted and other noncurrent assets	67,683	-50.1%	135,547	-32.6%	201,117
Capital assets, net	<u>787,644</u>	11.6%	<u>705,652</u>	21.2%	<u>582,381</u>
Total assets	<u>897,311</u>	0.2%	<u>895,903</u>	3.5%	<u>865,469</u>
Current and other liabilities	18,382	-11.8%	20,848	-8.5%	22,790
Long-term obligations	<u>458,512</u>	-5.5%	<u>485,278</u>	1.3%	<u>479,239</u>
Total liabilities	<u>476,894</u>	-5.8%	<u>506,126</u>	0.8%	<u>502,029</u>
Net assets:					
Invested in capital assets, net of related debt	358,508	15.8%	309,671	19.0%	260,183
Restricted	28,808	-0.1%	28,829	0.3%	28,746
Unrestricted	<u>33,101</u>	-36.4%	<u>51,277</u>	-31.2%	<u>74,511</u>
Total net assets	<u>\$ 420,417</u>	7.9%	<u>\$ 389,777</u>	7.2%	<u>\$ 363,440</u>

The largest portion of the Agency's net assets (85.3% and 79.4% at June 30, 2011 and 2010, respectively) reflects its investment in capital assets (e.g., land, water rights, structures and improvements, equipment and construction in progress), less any related debt used to acquire those assets that is still outstanding. The Agency uses these capital assets to provide services to customers; consequently, these assets are not available for future spending. Although the Agency's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

A portion of the Agency's net assets (6.9% and 7.4% at June 30, 2011 and 2010) is restricted for revenue bond reserves, debt service, and capital construction projects.

The remaining amount (7.9% and 13.2% at June 30, 2011 and 2010, respectively) may be used to meet the Agency's ongoing obligations to customers and creditors.

SACRAMENTO COUNTY WATER AGENCY ENTERPRISE FUND
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
FOR THE FISCAL YEARS ENDED JUNE 30, 2011 AND 2010

Current assets decreased from June 30, 2010 to June 30, 2011 by 23.3% primarily due to payments for pay as you go projects and using existing cash and investments to pay down bond debt. Pay as you go projects are funded by current and prior earnings. Current assets decreased from June 30, 2009 to June 30, 2010 by 33.3% due to payments for pay as you go projects and using existing cash and investments to pay down bond debt.

From June 30, 2010 to June 30, 2011 the decrease in restricted and other non-current assets of 50.1% was primarily due to paying for capital projects with bond funds and the release of escrow retentions on long-term construction contracts. From June 30, 2009 to June 30, 2010, the decrease in restricted and other non-current assets of 32.6% was mainly due to paying for capital projects with bond funds.

The following table summarizes changes in net assets for the fiscal years ended June 30, 2011 and 2010:

Agency's Enterprise Fund Changes in Net Assets
(Amounts Expressed in Thousands)

	<u>2011</u>	%	<u>2010</u>	%	<u>2009</u>
		<u>Change</u>		<u>Change</u>	
Operating revenues					
Water service charges	\$ 40,823	10.9%	\$ 36,803	11.1%	\$ 33,134

SACRAMENTO COUNTY WATER AGENCY ENTERPRISE FUND
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
FOR THE FISCAL YEARS ENDED JUNE 30, 2011 AND 2010

Total revenues increased \$9.5 million in 2010-11 and increased \$4.6 million in 2009-10. Water service charges increased 10.9% and 11% in 2010-11 and 2009-10 respectively due mainly to increased water fees. Development fees increased 31.6% in 2010-11 due to increases in development permits and decreased 5.9% in 2009-10 due to decreases in development permits. Effective July 1, 2010 the monthly service fees in Zone 40 increased from \$21.17 to \$23.97 for the typical flat rate single family residence while monthly service fees in Zone 41 increased from \$29.62 to \$33.32.

Total expenses increased \$4.2 million in 2010-11 as a result of higher electricity and water costs as well as increases in depreciation and amortization expense. Total expenses decreased \$5.3 million in 2009-10 due to cost cutting measures imposed during the year and the capitalization of interest expense associated with bond funded long-term construction projects.

Total interest income decreased \$0.48 million and \$.7 million during 2010-11 and 2009-10 respectively. The decrease in both years was mainly due to fewer unspent bond proceeds earning interest and due to lower interest rates .

Capital contributions decreased \$1.3 million and \$2.2 million in 2010-11 and 2009-10 respectively. Decreases were mainly due to changes in new residential development activity and the timing of project completion.

CAPITAL ASSETS AND LONG-TERM DEBT ACTIVITY

Capital Assets, net of accumulated depreciation and amortization, totaled \$787.6 and \$705.7 million at June 30, 2011 and 2010, respectively. This corresponded to an increase of \$81.9 and \$123.3 million during those fiscal years. The following table summarizes the changes in capital assets by fiscal year:

Agency's Enterprise Fund Changes in Capital Assets
(Amounts Expressed in Thousands)

	<u>2011</u>	%	<u>2010</u>	%	<u>2009</u>
		<u>Change</u>		<u>Change</u>	
Land	\$ 10,825	1.7%	\$ 10,640	0.0%	\$ 10,640
Water facility rights, rights to use and permanent easements	27,794	15.5%	24,054	8.7%	22,137
Structures, Improvements and equipment	331,293	10.3%	300,272	4.4%	287,706
Construction in progress	489,569	12.9%	433,696	36.4%	318,012
Less accumulated depreciation and amortization	<u>(71,838)</u>	14.0%	<u>(63,009)</u>	12.3%	<u>(56,114)</u>
	<u>\$ 787,643</u>	11.6%	<u>\$ 705,653</u>	21.2%	<u>\$ 582,381</u>

From July 1, 2010 to June 30, 2011, construction in progress increased \$55.9 million due to progress on existing construction projects that began in prior fiscal years but were incomplete at year-end. As these projects are completed, assets will be placed into use and they will be transferred to structures, improvements and equipment.

Additional information on the Agency's capital assets can be found in Note 4 of this report.

SACRAMENTO COUNTY WATER AGENCY ENTERPRISE FUND
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
FOR THE FISCAL YEARS ENDED JUNE 30, 2011 AND 2010

Long-term obligations, including current portion, totaled \$471.5 and \$496 million at June 30, 2011 and 2010, respectively. These amounts were comprised of revenue bonds, compensated absences, water facility rights, arbitrage rebate payable, escrow retentions payable, reimbursement agreements and derivative instrument liability related to the negative value of the swap agreements.

Agency's Enterprise Fund Long-Term Obligations
(Amounts Expressed in Thousands)

	<u>2011</u>	<u>2010</u>	<u>2009</u>
Revenue bonds	\$ 413,466	\$ 421,106	\$ 428,431
Derivative instrument liability	37,649	47,437	33,563
Compensated absences	1,185	1,060	922
Arbitrage rebate payable	-	-	1,329
Capital facilities - City	7,027	7,903	8,750
Water rights - USBR	7,728	4,000	4,000
Transformer right to use - SMUD	1,817	1,904	-
Escrow retentions	-	10,038	9,542
Post employment health care benefits	198	126	125
Reimbursement agreements	2,428	2,413	1,865
	<hr/>	<hr/>	<hr/>
Total Long-Term Obligations	<u>\$ 471,498</u>	<u>\$ 495,987</u>	<u>\$ 488,527</u>

A negative derivative instrument liability exists as a long-term liability. Due to changes in the market value of the SWAP, the obligation decreased during the year ended June 30, 2011 by \$9.8 million. The net increase for the year ended June 30, 2010 was \$13.9 million.

Additional information on the Agency's long-term obligations can be found in Note 6 of this report.

REQUEST FOR INFORMATION

This financial report is designed to provide a general overview of the Agency's finances for all those with an interest. Questions concerning any of the information provided in the report or requests for additional financial information should be addressed to Susan R. Purdin, CPA, Chief Financial and Administrative Officer; Sacramento County Agency, 827 7th Street #301, Sacramento, CA 95814 or phone (916) 874-3190.

SACRAMENTO COUNTY WATER AGENCY ENTERPRISE FUND
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED JUNE 30, 2011 AND 2010

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying basic financial statements of the Sacramento County Water Agency Enterprise Fund (Agency), have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Under GASB Statement Number 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*, the Agency has elected not to apply Financial Accounting Standards Board (FASB) statements and interpretations issued after November 30, 1989. The more significant of the Agency's and the enterprise fund's accounting policies are described below.

REPORTING ENTITY

The Agency, created in 1952 pursuant to the Agency Act (Act), is a separate legal entity from the County of Sacramento. Although a separate legal entity, the Sacramento County Board of Supervisors acts ex officio as the Agency's Board of Directors while Sacramento County Department of Water Resources' personnel acts as Agency staff. The Department of Water Resources (Department) is a department within the Municipal Services Agency of the County of Sacramento. The Municipal Services Agency is administered by the Municipal Services Agency Administrator who reports to the County Executive and the County Board of Supervisors. Department staff manages the County's surface water and groundwater resources through the powers of the County and the Agency.

The sector of the Agency covered by this report is the Water Agency Enterprise Fund. Its purpose is to provide a high quality supply of water to retail and wholesale customers, as well as to construct and operate groundwater and surface water facilities and infrastructure that will continue to provide safe and reliable water for future years. This sector of the Agency is accounted for as an enterprise fund with no financial accountability for any component units.

The activity in this fund is also included in the appropriate basic financial statements for the County as a whole. The following is a list of Zones included within the Sacramento County Agency Enterprise Fund.

Enterprise Fund

- Sacramento County Agency – Zone 40
- Sacramento County Agency – Zone 41
- Sacramento County Agency – Zone 50

In 2003 the Agency entered into a Joint Exercise of Powers Agreement with the County of Sacramento to form the Sacramento County Water Financing Authority (Authority) for the purpose of facilitating the financing of the acquisition and/or construction of real and personal property for the Agency. The Board of Directors of the Agency serve as the Authority's governing board. For financial reporting purposes, the Master Installment Purchase Contract between the Agency Enterprise Fund and the Authority has been eliminated and the financial data of the Authority related to this contract has been included with the Agency's.

BUDGETARY PROCESS

The Agency prepares an annual operating and capital budget, which is approved and adopted by the County Board of Supervisors. The budget serves as an approved plan to facilitate financial control and operational evaluation.

SACRAMENTO COUNTY WATER AGENCY ENTERPRISE FUND
NOTES TO THE BASIC FINANCIAL STATEMENTS (Continued)
FOR THE FISCAL YEARS ENDED JUNE 30, 2011 AND 2010

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

The Agency uses the economic resources measurement focus and the accrual basis of accounting. Under this method, revenues are recognized when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

The Agency distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the Agency's operations. The principal operating revenues of the Agency consist of water service fees and development fees. The principal operating expenses of the Agency are labor costs and services and supplies for water resources and water quality. Non-operating revenues and expenses consist of those revenues and expenses that are related to financing and investing activities and result from non-exchange transactions or ancillary activities. When both restricted and unrestricted resources are available for use, it is the Agency's policy to use restricted resources first then unrestricted resources as they are needed.

CASH EQUIVALENTS AND INVESTMENTS

For purposes of the statements of cash flows, the Agency considers all short-term highly liquid investments with an original maturity of three months or less, including restricted cash and investments and amounts held in the County's investment pool, to be cash and cash equivalents. Amounts held in the County's investment pool are available on demand to individual entities; thus, they are considered highly liquid and cash equivalents for purposes of the statements of cash flows.

At June 30, 2011 and 2010, the Agency's investments are stated at fair value in accordance with GASB Statement No. 31. However, the value of the pool shares in the County that may be withdrawn is determined on an amortized cost basis, which is different than the fair value of the Agency's position in the pool.

DEFERRED CHARGES

Deferred charges of \$3,329,872 as of June 30, 2011 and \$3,450,147 as of June 30, 2010, net of accumulated amortization, consist of costs incurred for the issuance of the 2003 and 2007 revenue bonds. Amortization of issuance costs is computed using the straight-line method, over the life of the related obligation.

WATER FACILITY RIGHTS

Water facility rights are comprised of the purchased rights to the usage of water, water facilities and a water storage tank. When useful lives are defined, amortization of water facility rights is computed using the straight-line method over the defined useful life of the related asset. In accordance with GASB 51, when useful lives are not defined, useful lives are considered to be indefinite. Therefore, such assets are not amortized but are periodically considered for potential impairment.

PERMANENT EASEMENTS

Permanent easements are comprised of rights of way acquired from property owners which will allow access to Agency facilities.

SACRAMENTO COUNTY WATER AGENCY ENTERPRISE FUND
NOTES TO THE BASIC FINANCIAL STATEMENTS (Continued)
FOR THE FISCAL YEARS ENDED JUNE 30, 2011 AND 2010

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

CAPITAL ASSETS

Capital assets are stated at cost except for capital assets contributed to the Agency, which are stated at their market value on the date contributed. When capital assets are retired or otherwise disposed of, the cost and related depreciation are removed from the accounts and any resulting gain or loss is reflected in non-operating revenues or expenses for the period.

Depreciation and amortization of capital assets is computed under the straight-line method over the following estimated useful lives:

Equipment	5 to 10 years
Structures and improvements	10 to 50 years
Intangible assets with defined useful lives	According to contract
Intangible assets without defined useful lives	Not amortized

The Agency's policy is to capitalize all capital assets with a cost greater than \$5,000 and a useful life of more than one year.

Maintenance and repair costs are expensed as incurred. Significant renewals or improvements greater than \$5,000 are capitalized and depreciated over their revised estimated useful lives. Costs incurred for major improvements or construction of assets are carried in construction in progress until the project is completed at which time costs related to the project are capitalized in the appropriate asset account.

As of July 1, 2010 the \$5,000 threshold for buildings, structures, and improvements increased to \$25,000. All infrastructure continues to be capitalized regardless of the cost.

CAPITALIZATION OF INTEREST

Interest costs relating to the acquisition or construction of capital assets are capitalized as a component of the cost of the capital assets. In situations where capital assets are financed with the proceeds of tax-exempt debt, the amount of interest to be capitalized is calculated by offsetting interest expense incurred from the date of the borrowing until completion of the project, with interest earned on invested proceeds over the same period. Total capitalized interest relating to projects completed or in progress during the fiscal year ended June 30, 2011 and 2010 was \$16,698,062 and \$15,751,722 respectively.

COMPENSATED ABSENCES

Agency employees accrue vacation in varying amounts based on job classification and length of service. Additionally, certain employees are allowed compensated time off in lieu of overtime compensation and/or working on holidays.

Sick leave is earned by regular, full-time employees. Any sick leave hours not used during the period are carried forward to following years, with no limit to the number of hours that can be accumulated. Any sick leave hours unused at the time of an employee's retirement are added to the actual period of service when computing retirement benefits. Upon retirement, management employees have the option of receiving payment for one half of accrued sick leave with the balance included in the calculation of retirement benefits.

It is the policy of the County not to pay accumulated sick leave to employees who terminate prior to retirement. The liability for compensated absences earned through year-end, but not yet taken, is accrued in the accompanying financial statements. Compensated absences liability activity for the fiscal year ended June 30, 2011 can be found in Note 6 on long term liabilities.

SACRAMENTO COUNTY WATER AGENCY ENTERPRISE FUND
NOTES TO THE BASIC FINANCIAL STATEMENTS (Continued)
FOR THE FISCAL YEARS ENDED JUNE 30, 2011 AND 2010

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

RISK MANAGEMENT

The County maintains an "All Risk" pooled blanket property insurance program with limits in the aggregate amount of \$2.256 billion. These coverages apply to all County-owned buildings and personal property, including the real and personal property of the Agency. Boiler and Machinery coverage is provided in the aggregate amount of \$100 million limit any one loss and includes Agency real and personal property. Flood coverage for Agency real and personal property is provided with limits in the aggregate amount of \$2.234 billion. Earthquake limits are capped at \$25 million occurrence and aggregate.

The Agency participates in the County's self-insurance and excess insurance program for liability. Limits are capped at \$2 million and \$25 million respectively. Annual premiums are based primarily on claims experience. Current premiums are charged to expense when paid.

FRWA facilities are covered for "All Risk" property loss on a replacement cost basis with limits in the aggregate amount of \$125 million. Flood coverage is capped at \$25 million occurrence. Earthquake limits are capped at \$25 million occurrence. Boiler and machinery coverage is provided in the aggregate amount of \$100 million limit any one loss and includes FRWA real and personal property.

FRWA liability coverage is provided through a policy with SDRMA with a \$10 million limit per occurrence.

In the past three fiscal years, there were no instances or settlements exceeding insurance coverage.

DEVELOPMENT FEES

Development fees are received for building permits issued on construction related improvement plans. They represent one-time cash fees imposed so funds can be generated that cover costs associated with water supply capital projects. Revenues related to development fees are earned and recognized in two phases. At the time improvement plans are approved, a portion of developer fees are earned and received. The remainder of development fees are earned and received as building permits are issued.

Beginning in FY 2001-02, the Agency began granting developers credit for infrastructure dedications that would ultimately offset a portion of the impact fees. A result of these arrangements is that when a developer builds a water pipeline required by the Agency as a condition of development, the developer is granted a credit for the value of the pipeline. Subsequently when building permits are issued for the development, the credits, which have been apportioned among the developable parcels, are applied towards the impact fees. The value of infrastructure credits is determined for certain improvements by a schedule in Agency Code, and for other improvements by engineer's cost estimate.

NEW ACCOUNTING PRONOUNCEMENTS

The Governmental Accounting Standards Board (GASB) releases new accounting and financial reporting standards which may have a significant impact on the Agency's financial reporting process. The Agency became subject to the following GASB Statements for the year ended June 30, 2011:

Governmental Accounting Standard No. 54

In March 2009, the GASB issued Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. The objective of this Statement is to enhance the usefulness of fund balance information by providing clearer classifications that can be more consistently applied and by clarifying the existing governmental fund type definitions. This Statement establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. Requirements of this statement are effective for financial statement periods beginning after June 15, 2010. The Agency has determined that this statement did not have a material effect on the financial statements.

SACRAMENTO COUNTY WATER AGENCY ENTERPRISE FUND
NOTES TO THE BASIC FINANCIAL STATEMENTS (Continued)
FOR THE FISCAL YEARS ENDED JUNE 30, 2011 AND 2010

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

NEW ACCOUNTING PRONOUNCEMENTS (Continued)

Governmental Accounting Standard No. 59

In June 2010, the GASB issued Statement No. 59, *Financial Instruments Omnibus*. The objective of this statement is to update and improve existing standards regarding financial reporting of certain financial instruments and external investment pools. Statement 59 addresses significant practice issues when accounting for financial instruments by increasing the consistency of measurements and providing clarification of existing standards. This guidance will improve financial reporting in ways that benefit both users and preparers of financial reports. The Statement is effective for financial statements prepared by state and local governments for periods beginning after June 15, 2010. The Water Agency has determined that this statement did not have a material effect on the financial statements.

2. CASH AND INVESTMENTS

The Agency maintains specific cash deposits and investments with the County and participates in the investment pool of the County, which is not rated by credit rating agencies. At June 30, 2011, the carrying amounts of the Agency's cash held by the County Treasurer's investment pool was \$33,886,153 of which, \$2,103,306 was restricted for capital construction and at June 30, 2010 the carrying amounts of the Agency's cash held by the County Treasurer's investment pool were \$48,676,330 of which, \$2,103,306 was restricted for capital construction. The weighted average maturity of the Treasurer's investment pool was 191 and 170 days at June 30, 2011 and 2010, respectively.

Investment policies and related credit, custodial credit, concentration of credit, and interest rate risk applicable to the Agency's pooled funds are those of the County and are disclosed in the County's basic financial statements. The County Treasurer's investment pool is subject to oversight by the Treasury Oversight Committee.

3. RESTRICTED ASSETS

The County Treasurer, acting in a fiduciary capacity, invests bond proceeds in accordance with long-term obligation covenants. Reserves are held by an outside fiscal agent as required by the bond indentures.

At June 30, 2011 and 2010, all cash held by fiscal agents was covered by federal depository insurance or by collateral held by the County's financial institutions in the County's name.

The Agency's restricted assets held with fiscal agents as of June 30, 2011 and 2010 are classified in the accompanying financial statements as follows:

	2011	2010
Restricted Assets		
Cash held by Financial Institution - Retention	\$ -	\$ 9,987,439
Cash held by County Fiscal Agent	1,368	65,830
Investments held by County Fiscal Agent	882,467	48,720,614
Investments Held by Financial Institution as Bond Trustee	25,713,903	25,713,903
Total Restricted Assets Held by Fiscal Agent and Trustee	26,596,370	74,434,517
Interest Receivable on Bond Proceeds	106,553	170,976
Total Noncurrent Restricted Assets	\$ 26,704,291	\$ 84,658,762

SACRAMENTO COUNTY WATER AGENCY ENTERPRISE FUND
NOTES TO THE BASIC FINANCIAL STATEMENTS (Continued)
FOR THE FISCAL YEARS ENDED JUNE 30, 2011 AND 2010

3. RESTRICTED ASSETS (Continued)

Investments Authorized by Debt Agreements

Investment of debt proceeds held by the County fiscal agent and bond trustee is governed by provisions of the debt agreements rather than the general provisions of the California Government Code or the Agency's investment policy. The table below identifies the investment types that are authorized for investments held by bond trustee. The table also identifies certain provisions of these debt agreements that address interest rate risk, credit risk, and concentration of credit risk.

<u>Authorized Investment Type</u>	<u>Maximum Maturity</u>	<u>Maximum Percentage Allowed</u>	<u>Maximum Investment In One Issuer</u>
Defeasance Securities	None	None	None
U.S. Treasury Obligations	None	None	None
U.S. Agency Securities	None	None	None
U.S. dollar denominated deposit accounts, federal funds and bankers' acceptances	360 days	None	None
Commercial Paper	270 days	None	None
Money Market Fund	None	None	None
Pre-refunded municipal obligations	None	None	None
Municipal Obligations	None	None	None
County of Sacramento Pooled Investment Fund	None	None	None
Investment Agreements	None	None	None

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The Agency's investments held by bond trustees are monitored for interest rate risk by measuring the weighted average maturity.

<u>Investment Type</u>	<u>Fair Value at June 30, 2011</u>	<u>Weighted Average Maturity (in years)</u>	<u>Fair Value at June 30, 2010</u>	<u>Weighted Average Maturity (in years)</u>
Held by County Fiscal Agent:				
Government Securities	\$ 882,467	0.41	\$ 48,720,606	0.33
Held by Bond Trustee:				
Money Market Fund	3,118,666	0.25	8	0.25
Guaranteed Investment Contracts	<u>22,595,237</u>	27.94	<u>25,713,903</u>	28.33
Total	<u>\$ 26,596,370</u>		<u>\$ 74,434,517</u>	

Credit Risk

This is the risk that an issuer or other counterparty to a debt instrument will not fulfill its obligations. The Agency is permitted to hold investments of issuers with a short-term rating of superior capacity and a minimum long-term rating of upper medium grade by the top two nationally recognized statistical rating organizations (rating agencies). For short-term rating, the issuers' rating must be A-1 and P-1, and the long-term rating must be A- and A3 respectively by Standard & Poor's and Moody's rating agencies.

SACRAMENTO COUNTY WATER AGENCY ENTERPRISE FUND
NOTES TO THE BASIC FINANCIAL STATEMENTS (Continued)
FOR THE FISCAL YEARS ENDED JUNE 30, 2011 AND 2010

3. RESTRICTED ASSETS (Continued)

Credit Risk (Continued)

In addition, the Agency is permitted to invest in the State's Local Agency Investment Fund, collateralized certificate of deposits and notes issued by the County that are not rated.

Investment Type	Fair Value at June 30, 2011	Ratings as of June 30, 2011	Fair Value at June 30, 2010	Ratings as of June 30, 2010
Held by County Fiscal Agent:				
Government Securities	\$ 882,467	P-1/A-1+	48,720,606	P-1/A-1+
Held by Bond Trustee:				
Money Market Fund	3,118,666	AAAm	8	AAAm
Guaranteed Investment Contracts	<u>22,595,237</u>	Not Rated	<u>25,713,903</u>	Not Rated
Total	<u>\$ 26,596,370</u>		<u>\$ 74,434,517</u>	

Concentration of Credit Risk

This is the risk of loss attributed to the magnitude of a government's investment in a single issuer. Investments in any one issuer that represent five percent or more of the Agency's total investments are shown below as of June 30, 2011 and 2010. Mutual funds are excluded from this disclosure.

Issuer	Investment Type	Fair Value at June 30, 2011	Fair Value at June 30, 2010
Federal Home Loan Bank Discount Note	Government Securities	-	\$ 45,168,000
Assured Guaranty	Guaranteed Investment Contract	22,595,237	22,595,237

Custodial Credit Risk

This is the risk that in the event a financial institution or counterparty fails, the Agency would not be able to recover the value of its deposits and investments. As of June 30, 2011 and 2010, one hundred percent of the Agency's investments are held in the Agency's name and is not exposed to custodial credit risk. At June 30, 2011 and 2010, cash held by financial institutions for retention in the amount of \$0 and \$9,987,439 respectively are insured up to federal depository insurance limits of \$250,000. The amounts exceeding the federal depository insurance limits are uninsured and uncollateralized. The Agency does not have a policy for custodial credit risk.

Bond Reserves

At June 30, 2011 the Agency's bond reserves are held in money market funds and a guaranteed investment contract originally issued by FSA Capital Management Services LLC and are valued at cost. At June 30, 2010 the Agency's bond reserves were in guaranteed investment contracts originally issued by AIG/SDG Corporation and FSA Capital Management Services LLC and were valued at cost.

On July 1, 2009, Assured Guaranty Municipal Corp purchased FSA from Dexia SA. All agreements were assumed by Assured Guaranty and no changes to the GIC or custody agreement terms were made. As of June 30, 2011, Assured Guaranty credit ratings are Aa3/AA+ by Moody's and S&P.

Due to AIG's ratings being downgraded to A2/A- by Moody's and S&P, collateral was required on the investment agreement. As a result, on May 23, 2008, AAA/Aaa rated securities totaling at least 105% of the investment balance were delivered pursuant to a custody agreement between Wells Fargo Bank as custodian and Union Bank, trustee for the Agency and in accordance with the investment agreement between AIG Matched Funding Corp. and Union Bank. On March 2, 2009 Moody's further downgraded AIG's ratings from A2 to A3 and on January 12, 2011 Moody's again downgraded AIG's ratings to Baa1,

3. RESTRICTED ASSETS (Continued)

Bond Reserves (Continued)

which triggered the termination provision in the investment agreement. On February 24, 2011, the moneys were returned from AIG to the trustee, Union Bank, and reinvested in a Blackrock T-Fund Institutional money market fund. There is no limitation on investments of this type.

4. CAPITAL ASSETS

Capital asset activity for the years ended June 30, 2011 and 2010 were as follows:

	<u>July 1, 2010</u>	<u>Increase</u>	<u>Decrease</u>	<u>June 30, 2011</u>

SACRAMENTO COUNTY WATER AGENCY ENTERPRISE FUND
NOTES TO THE BASIC FINANCIAL STATEMENTS (Continued)
FOR THE FISCAL YEARS ENDED JUNE 30, 2011 AND 2010

4. CAPITAL ASSETS (Continued)

Depreciation and amortization on capital assets and intangible assets for the years ended June 30, 2011 and 2010 was \$8,829,318 and \$6,895,120, respectively. For the year ended June 30, 2010, there was a one-time decrease in amortization expense in the amount of \$1,880,889 due to implementation of GASB 51.

Beginning in FY 2001-02, the Agency began granting developers credit for infrastructure dedications that would ultimately offset a portion of the impact fees. In other words, when a developer builds a water pipeline required by the Agency as a condition of development, the developer is granted a credit for the value of the pipeline. Subsequently when building permits are issued for the development, the credits, which have been apportioned among the developable parcels, are applied towards the impact fees. The value of infrastructure credits is determined for certain improvements by a schedule in Agency Code, and for other improvements by engineer's cost estimate.

In 2010-11, of the \$9,768,877 in Zone 40 impact fee revenue, approximately \$3,797,849 was from impact fee credits applied. In 2009-10, of the \$7,424,055 in Zone 40 impact fee revenue, approximately \$3,655,567 was from impact fee credits applied. The impact fee credits applied portion of impact fees revenue is capitalized as construction in progress.

Included in 2010-11 intergovernmental revenue are First Five (Proposition 10) grant revenues of \$1,084,746, various ARRA Water Systems grant revenues of \$282,157, and recycled water grant revenue totaling \$75,000. Included in 2009-10 Intergovernmental revenue are First Five (Proposition 10) grant revenues of \$85,966 and various ARRA Water Systems grant revenues of \$343,473. These grant funds were used on fluoridation project construction costs and various water system improvement projects located within the Agency's service area.

During 2009-10, the Agency entered into an agreement with Sacramento Municipal Utilities District (SMUD) for the use of a redundant back-up power transformer for the Vineyard Surface Water Treatment Plant. Its purpose is to provide power if both electricity and the primary back-up transformer fail. Costs in the amount of \$1,903,815 were placed in water rights to reflect the indefinite right to use being purchased in this agreement.

5. WATER FACILITY RIGHTS

In April 2000, the Agency and the City of Sacramento (City) entered into an agreement to treat and deliver (wheel) surface water. The Agency payments to the City are called a "Capital Facilities Use Fee." The payments will entitle the Agency to use the designated facilities for the remaining useful life of the facilities. This agreement contained an option allowing the Agency to purchase additional capacity until terminated by written mutual agreement. In February 2009, the Agency opted to exercise this option and purchase the additional capacity. At June 30, 2011 and 2010, water facility rights related to this asset were \$13,864,027 and \$13,864,027, less accumulated amortization of \$0 and \$1,073,535, respectively. During FY 2009-10 a one-time reduction in accumulated amortization resulted from the implementation of GASB 51 which disallows annual amortization of intangible assets that have indefinite, undefined lives.

The Agency has shared the costs of a water storage tank with Citizens Utilities. The payments entitle the Agency to use the storage capacity for the duration of the tank's useful life of 50 years. At June 30, 2011 and 2010, water facility rights related to the Citizens Utilities asset was \$1,273,397 and \$1,273,397, less accumulated amortization of \$254,679 and \$229,212, respectively.

SACRAMENTO COUNTY WATER AGENCY ENTERPRISE FUND
NOTES TO THE BASIC FINANCIAL STATEMENTS (Continued)
FOR THE FISCAL YEARS ENDED JUNE 30, 2011 AND 2010

5. WATER FACILITY RIGHTS (Continued)

The Agency has entered into an agreement with Sacramento Municipal Utilities District (SMUD) which provides for the assignment of thirty thousand acre feet of SMUD's CVP water supply to the Agency. Under this contract the Agency has agreed to pay the United States Bureau of Reclamation (USBR) certain costs that are allocated to the assigned contract amount. At June 30, 2011 and June 30, 2010, water facility rights related to this contract was \$10,728,373 and \$7,000,000 respectively. Increases during the year ended June 30, 2011 were the result of additional charges allocated by the USBR. During 2009-10, one-time reduction in accumulated amortization resulted from the implementation of GASB 51 which disallows annual amortization of intangible assets that have indefinite, undefined lives.

6. LONG-TERM OBLIGATIONS

	June 30	
	2011	2010
Revenue Bonds:		
2003 series, 3.5% to 5.0% due 2011 to 2034	\$ 2,245,000	\$ 3,305,000
Plus unamortized premium	374,225	390,496
	<u>2,619,225</u>	<u>3,695,496</u>
2007 series, 3.75% to 5.0% due 2011 - 2039	401,230,000	407,460,000
Plus unamortized premium	10,856,013	11,243,728
Less deferred amount on refunding	(1,239,609)	(1,293,505)
	<u>410,846,404</u>	<u>417,410,223</u>
Total revenue bonds payable	<u>\$ 413,465,629</u>	<u>\$ 421,105,719</u>

On June 12, 2003, the Agency (through the Sacramento County Water Financing Authority) issued \$23,850,000 of serial revenue bonds and \$26,945,000 of term revenue bonds. The interest rates on the serial bonds range from 2.0% to 5.0% while the interest rates on the term bonds range from 4.75% to 5.00%. The maturity dates on the serial bonds range from June 1, 2005 to June 1, 2023; the maturity dates on the term bonds range from June 1, 2028 and June 1, 2034. The purpose of this issue was to finance or reimburse the costs of acquisition and construction of certain additions, betterments and improvements to the Agency's Water System.

On May 9, 2007, the Agency (through the Sacramento County Water Financing Authority) issued \$184,500,000 of serial 2007A (Fixed Rate) revenue bonds and \$228,920,000 of term series 2007B (Index Rate) revenue bonds. The interest rates on the 2007A bonds range from 3.75% to 5.0%. The variable interest rates on the 2007B bonds range from 0.7201% – 0.7401% and 0.911% – 0.931% at June 30, 2011 and 2010, respectively. Proceeds from this debt issue were used to finance or reimburse the costs of acquisition and construction of certain additions, betterments and improvements to the Agency's Water System and to advance refund the majority of the 2003 revenue bonds.

Specifically, net proceeds of \$44,285,000 were used to purchase securities which were deposited in an irrevocable trust with an escrow agent to provide for a portion of future debt service payments on \$41,740,000 of the 2003 revenue bonds. As a result of the refunding, these bonds are considered to be defeased and the liability for the bonds has been removed from long-term debt. The defeased 2003 revenue bonds outstanding at June 30, 2011 and 2010 was \$41,740,000 and \$41,740,000, respectively.

SACRAMENTO COUNTY WATER AGENCY ENTERPRISE FUND
NOTES TO THE BASIC FINANCIAL STATEMENTS (Continued)
FOR THE FISCAL YEARS ENDED JUNE 30, 2011 AND 2010

6. LONG-TERM OBLIGATIONS (Continued)

Future debt service requirements at June 30, 2011 are as follows:

Fiscal Years ending June 30:	Principal	Interest	Total
2012	\$ 7,605,000	\$ 18,105,528	\$ 25,710,528
2013	7,910,000	17,852,059	25,762,059
2014	8,240,000	17,439,812	25,679,812
2015	8,650,000	17,035,312	25,685,312
2016	9,070,000	16,642,553	25,712,553
2017-2021	52,310,000	76,244,315	128,554,315
2022-2026	66,445,000	62,094,291	128,539,291
2027-2031	83,875,000	44,690,508	128,565,508
2032-2036	96,940,000	25,361,708	122,301,708
2037-2039	62,430,000	5,335,622	67,765,622
	<u>403,475,000</u>	<u>300,801,708</u>	<u>704,276,708</u>
Plus: Unamortized Premium	11,230,238	-	11,230,238
Less: Deferred amount on refunding	<u>(1,239,609)</u>	<u>-</u>	<u>(1,239,609)</u>
	<u>\$ 413,465,629</u>	<u>\$ 300,801,708</u>	<u>\$ 714,267,337</u>

The Federal Tax Reform Act of 1986 required issuers of tax-exempt debt to make payments to the United States Treasury of investment income received at yields that exceed the issuer's tax-exempt borrowing rates. The U.S. Treasury requires payment every five years. At June 30, 2011 and June 30, 2010, there is no excess investment income payable related to the 2003 or 2007 bonds.

2003 Revenue Bond and 2007 Revenue Bond Covenants: Pursuant to the Indenture between the County and Union Bank of California, N.A., as trustee, and the Master Installment Purchase Contract between the Sacramento County Water Financing Authority and the Agency, the Agency is required to faithfully perform and abide by all of the covenants, undertakings, and provisions of the above agreement so long as any of the bonds are outstanding. Specific covenants include the following:

- Punctual payment of interest and principal will be made when due.
- Proceeds of the bonds will be used by the Agency, as agent for the Authority, to pay the costs of financing the acquisition and construction (together with the incidental costs and expenses related thereto) of the Projects approved by the Board of Directors.
- Rates, fees and charges will be fixed and collected at least sufficient to yield adjusted annual net revenues, as defined, equal to at least the amount required by the coverage requirement for the fiscal year.

For fiscal years 2011 and 2010, the Agency was in compliance with the preceding covenants.

The Agency has also agreed to pay the City of Sacramento for use of Sacramento River water facilities for diverting, treating and conveying surface water. The Agency agreed to pay the City in ten annual installments an amount that included payment of principal and interest at a rate equal to the City's pool rate of return. The principal, based on the present value of the Agency's share of the facilities at the time of the agreement was \$9,569,887. Annual principal and interest payments are \$1,144,904 with the final payment occurring during the 2018 fiscal year.

SACRAMENTO COUNTY WATER AGENCY ENTERPRISE FUND
NOTES TO THE BASIC FINANCIAL STATEMENTS (Continued)
FOR THE FISCAL YEARS ENDED JUNE 30, 2011 AND 2010

6. LONG-TERM OBLIGATIONS (Continued)

Annual requirements to maturity for the right to use City of Sacramento capital facilities are as follows:

	Capital Facilities - City of Sacramento		
	Principal	Interest	Total
Fiscal years ending June 30,			
2012	\$ 905,994	\$ 238,910	\$ 1,144,904
2013	936,798	208,106	1,144,904
2014	968,649	176,255	1,144,904
2015	1,001,582	143,322	1,144,904
2016	1,035,637	109,267	1,144,904
2017-2018	2,178,105	111,702	2,289,807
	<u>\$ 7,026,765</u>	<u>\$ 987,562</u>	<u>\$ 8,014,327</u>

The Agency has entered into an agreement with Sacramento Municipal Utilities District (SMUD) which provides for the assignment of thirty thousand acre feet of SMUD's Central Valley Project (CVP) water supply to the Agency. Under this contract the Agency has agreed to pay the United States Bureau of Reclamation certain costs that are allocated to the assigned contract amount. At June 30, 2011 and 2010, the principal balance remaining on the agreement is approximately \$7.73 million and \$4 million. Under the agreement terms, the Agency will pay approximately \$3.69 million at the earliest of which the Agency takes delivery of the assigned water, when the Vineyard Surface Water Treatment Plant becomes operational or October 1, 2011. The remainder will be paid over ten years beginning on October 1 in the calendar year after the initial \$3.69 million payment.

Annual requirements to maturity for the SMUD Assignment liability are as follows:

	SMUD Assignment - US Bureau of Reclamation		
	Principal	Interest	Total
Fiscal years ending June 30,			
2012	\$ 3,697,248	\$ -	\$ 3,697,248
2013	298,023	264,039	562,062
2014	317,543	244,518	562,061
2015	338,342	223,719	562,061
2016	360,503	201,558	562,061
2017-2018	2,716,714	655,653	3,372,367
	<u>\$ 7,728,373</u>	<u>\$ 1,589,487</u>	<u>\$ 9,317,860</u>

The Agency has entered into an agreement with Sacramento Municipal Utilities District (SMUD) for the use of a second back-up power transformer for the Vineyard Surface Water Treatment Plant. Its purpose is to provide power if both electricity and the primary back-up transformer fail. This agreement requires an initial deposit, 48 equal monthly payments, and a balloon payment in 2014. While ownership of the transformer will remain with SMUD, the Agency is purchasing the right to use this asset indefinitely. Total cost of the transformer is \$1,903,815 and will be paid off in 2014.

Annual requirements to maturity for the right to use the SMUD transformer are as follows:

	Transformer - SMUD		
	Principal	Imputed Interest	Total

Escrow retentions	9,541,779	496,604	-	10,038,383	160,949
Total	\$ 488,527,132	\$ 18,964,965	\$ (11,504,351)	\$ 495,987,746	\$ 10,709,957

Other Long-term Obligations

The Agency enters into various reimbursement agreements with developers for construction of water supply facilities within the Agency's jurisdiction. Impact fees are imposed to pay for the construction of new water supply facilities. The reimbursement agreement is created when the amount payable to the developers for construction of water supply facilities exceeds the amount of impact fees due.

7. DERIVATIVE INSTRUMENTS

A deferred outflow exists in noncurrent assets which is related to a corresponding negative SWAP liability. The deferred outflows balance was \$37,648,846 and \$47,437,218 at June 30, 2011 and 2010 respectively. These deferred costs do not amortize but do change each year in an amount that is parallel to changes in the fair market value of the SWAP to which they apply.

For the fiscal year ended June 30, 2010, the Agency implemented GASB Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments*. The Agency's interest rate swaps are considered to be cash flow hedging derivative instruments (i.e effective). The Agency used the consistent critical terms

SACRAMENTO COUNTY WATER AGENCY ENTERPRISE FUND
NOTES TO THE BASIC FINANCIAL STATEMENTS (Continued)
FOR THE FISCAL YEARS ENDED JUNE 30, 2011 AND 2010

7. DERIVATIVE INSTRUMENTS (Continued)

method to evaluate hedge effectiveness for the interest rate swaps. The Agency determined that the critical terms of the 2007B variable rate bonds and the interest rate swaps are the same, and the changes in cash flows of the interest rate swaps substantially offset the changes in cash flows of the 2007B variable rate bonds.

The fair value balances and notional amounts of derivative instruments outstanding at June 30, 2011 and 2010, classified by type, and the changes in fair value of such derivative instruments for the year then ended as reported in the financial statements are as follows (debit (credit)):

<u>Fair Value at June 30, 2011</u>	<u>Changes in Fair Value</u>				
	<u>Notional Amount</u>	<u>Classification</u>	<u>Change in Fair Value</u>	<u>Classification</u>	<u>Fair Value</u>
<i>Cash Flow Hedges:</i>					
Pay-fixed interest rate swap	\$128,965,000	Deferred outflow of resources	\$5,069,661	Debt	\$(20,252,543)
Pay-fixed interest rate swap	99,955,000	Deferred outflow of resources	\$4,718,711	Debt	\$(17,396,303)
Total	<u>\$228,920,000</u>		<u>\$9,788,372</u>		<u>\$(37,648,846)</u>

<u>Fair Value at June 30, 2010</u>	<u>Changes in Fair Value</u>				
	<u>Notional Amount</u>	<u>Classification</u>	<u>Change in Fair Value</u>	<u>Classification</u>	<u>Fair Value</u>
<i>Cash Flow Hedges:</i>					
Pay-fixed interest rate swap	\$128,965,000	Deferred outflow of resources	\$(7,562,131)	Debt	\$(25,322,204)
Pay-fixed interest rate swap	99,955,000	Deferred outflow of resources	\$(6,312,306)	Debt	\$(22,115,014)
Total	<u>\$228,920,000</u>		<u>\$(13,874,437)</u>		<u>\$(47,437,218)</u>

The fair values of the interest rate swaps are estimated using the zero-coupon method. This method calculates the future net settlement payments required by the swap, assuming that the current forward rates implied by the yield curve correctly anticipate future spot interest rates. These payments are then discounted using the spot rates implied by the current yield curve for hypothetical zero-coupon bonds due on the date of each future net settlement on the swaps.

Objectives and Terms of Hedging Derivative Instruments

Concurrently with the sale of the Series 2007 Bonds, the Agency entered into the Series 2007B Swaps, whereby the Agency receives payments initially calculated by reference to a negotiated rate and thereafter calculated by reference to a percentage of the taxable three month LIBOR Index plus a spread equal to the LIBOR-Based Interest Rate payable with respect to the Series 2007 Bonds, and makes payments that are calculated by reference to a fixed interest rate.

SACRAMENTO COUNTY WATER AGENCY ENTERPRISE FUND
NOTES TO THE BASIC FINANCIAL STATEMENTS (Continued)
FOR THE FISCAL YEARS ENDED JUNE 30, 2011 AND 2010

7. DERIVATIVE INSTRUMENTS (Continued)

Objectives and Terms of Hedging Derivative Instruments (Continued)

The agreements were executed on April 26, 2007, with an effective date May 9, 2007, with Bear Stearns Financial Products Inc. in connection with the Series 2007B variable rate portion of the 2007 Sacramento County Water Financing Authority Revenue Bonds totaling \$228,920,000 (\$128,965,000 for 2034 Term and \$99,955,000 for 2039 Term). In order to avoid the interest rate risk associated with the variable rate bonds and to protect exposure against higher interest rates in the future, the Agency executed two swap agreements with Bear Stearns.

On April 21, 2009 the Agency Board of Directors approved the assignment of the interest rate swaps from Bear Stearns Financial Products Inc. to JPMorgan Chase Bank, N.A. This was done in an effort to provide the Agency with a stronger counterparty for the interest rate swap transactions in the long term.

The following table displays the objective and terms of the Agency's hedging derivative instruments outstanding at June 30, 2011 and 2010, along with the credit rating of the associated counterparty:

Inst.	Type	Objective	Notional Amount	Effective Date	Maturity Date	Terms	Counterparty Credit Rating
A	Pay-fixed interest rate swap	Hedge of changes in cash flows on the 2007 Series B bonds	\$128,965,000	5/9/2007	6/1/2034	Pay 4.193%; receive 67% of USD-LIBOR-BBA plus 55 bps	AA- (S&P) Aa1 (Moody's)
B	Pay-fixed interest rate swap	Hedge of changes in cash flows on the 2007 Series B bonds	\$99,955,000	5/9/2007	6/1/2039	Pay 4.221%; receive 67% of USD-LIBOR-BBA plus 57 bps	AA- (S&P) Aa1 (Moody's)

Risks

Credit Risk: The Agency is not exposed to credit risk resulting from a failure of the counterparty to perform because of the swaps negative fair value. If the swaps had positive fair value greater than \$10 million, the Agency would be exposed to credit risk from the counterparty. The swap counterparty was rated AA- by Standard & Poor's and Aa1 by Moody's Investors Services.

Interest rate risk: The Agency is exposed to interest rate risk on its interest rate swaps. On its pay-fixed, receive-variable interest rate swap, as the LIBOR index decreases, the Agency's net payment on the swap increases.

Basis Risk: The swaps are not exposed to basis risk since there is no difference between the rate paid on the variable rate bonds and the floating amount received from the hedging derivative instruments.

Termination Risk: The Agency or the counterparty may terminate the swaps if the other party fails to perform under the terms of the contract. If the swaps were terminated, the variable-rate bonds would no longer carry a synthetic interest rate. If the swaps are terminated, other than by the counterparty exercising its option under the agreement, and at the time of termination the swaps are in a liability position, the Agency would be liable to the counterparty for the payment equal to the liability, subject to netting arrangements.

NOTES TO THE BASIC FINANCIAL STATEMENTS (Continued)
FOR THE FISCAL YEARS ENDED JUNE 30, 2011 AND 2010

7. DERIVATIVE INSTRUMENTS (Continued)

Derivative Instrument Payments and Hedged Debt

As of June 30, 2011, aggregate debt service requirements of the Agency's 2007B variable rate bonds and net receipts/payments on associated hedging derivative instruments are presented below:

Fiscal Year	Variable Rate Bonds		Interest Rate	Total
	Principal	Interest	Swaps, Net	
2012		\$ 1,668,444	\$ 7,958,159	\$ 9,626,603
2013		1,668,444	8,011,640	9,680,084
2014		1,668,444	7,931,418	9,599,862
2015		1,668,444	7,931,418	9,599,862
2016		1,668,444	7,958,159	9,626,603
2017-2021		8,342,220	39,790,795	48,133,015
2022-2026	\$ 8,105,000	8,257,608	39,383,432	55,746,040
2027-2031	61,445,000	7,473,635	35,626,623	104,545,258
2032-2036	96,940,000	4,430,274	20,931,433	122,301,707
2037-2039	62,430,000	936,819	4,398,803	67,765,622
Totals	\$ 228,920,000	\$ 37,782,776	\$ 179,921,880	\$ 446,624,656

The above amounts assume that current interest rates on variable-rate bonds and the current reference rates of hedging derivative instruments will remain the same for their term. As these rates vary, interest payments on variable-rate bonds and net receipts/payments on the hedging derivative instruments will vary. The hedging derivative instruments column reflects only net receipts/payments on derivative instruments that qualify for hedge accounting.

Contingencies

The Agency's swap assignment agreement includes provisions relating to the posting of collateral for the swap counterparty and the Agency. The swap Credit Support Annex, which is part of the swap agreement, is a one-way CSA where the counterparty has the obligation to post depending on the thresholds. Conversely, the Agency does not have to post unless (1) A rating event occurs (the Agency gets downgraded below A2 by Moody's or A by S&P and (2) An insurer event occurs which could be a combination of several events but most likely (a) the insurer gets downgraded and (b) the insurer has failed to payout an obligation of greater than \$30 million and (3) The Agency chooses the option to post collateral. The two other options available to the Agency are to provide a letter of credit or to assign the agreement to another entity.

Should the Agency be downgraded below Baa2 by Moody's or BBB by S&P and an insurer event has occurred, the counterparty has the option to terminate the swap. As June 30, 2011 and 2010, the negative fair value of the swaps amounted to \$37,648,846 and \$47,437,218, respectively.

NOTES TO THE BASIC FINANCIAL STATEMENTS (Continued)
FOR THE FISCAL YEARS ENDED JUNE 30, 2011 AND 2010

8. POST-EMPLOYMENT HEALTH CARE BENEFITS

Plan Description

The Agency's labor forces are employees of the Sacramento County Department of Water Resources. Benefits provided to County employees include medical and dental insurance and subsidy/offset payments as authorized by the Board of Supervisors on an annual basis. Without annual authorization by the Board, the benefit is terminated.

All annuitants are eligible to enroll in a retiree medical and/or dental insurance plan in a given calendar year if (1) they began receiving a continuing retirement allowance from Sacramento County Employees Retirement System (SCERS) during that calendar year, or (2) they were enrolled in the annual plan previously approved by the County, or (3) they previously waived coverage but elected to enroll during the County authorized enrollment period with a coverage date effective January of the given calendar year (continuous coverage).

Annuitants who retired for any reason on or before May 31, 2007 are eligible to receive a County-paid medical or dental insurance subsidy/offset payment during calendar year 2011. Annuitants who retire after May 31, 2007 are not entitled to any subsidy/offset payments. The amount of subsidy/offset payments for the calendar year 2011 ranged from \$40.32 to \$80.64 depending upon the years of service credit.

The amount of any medical subsidy/offset payments made available to annuitants (who retired on or before May 31, 2007) shall be calculated based upon the annuitant's SCERS service credit. The amount of any dental subsidy/offset payments made available to annuitants shall be set by the Board of Supervisors.

Neither SCERS nor the County guarantees that a subsidy/offset payment will be made available to annuitants for the purchase of County-sponsored medical and/or dental insurance. Subsidy/offset payments are not a vested benefit of County employment or SCERS membership.

Funding Policy

The County currently pays for post-employment health care benefits (OPEB) of annuitants who retired on or before May 31, 2007 on a pay-as-you-go basis. These financial statements assume that pay-as-you-go will continue.

Additional details, actuarial assumptions, funded status of the plan and required supplementary information can be found in the County of Sacramento Comprehensive Annual Financial Report.

Annual OPEB Cost and Net OPEB Obligation

The Agency's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the fiscal year ended June 30, 2011 are shown in the table on the next page. The net OPEB obligation is owed to the County and included in Other long-term obligations on the Statement of Net Assets.

8. POST-EMPLOYMENT HEALTH CARE BENEFITS (Continued)

Annual OPEB Cost and Net OPEB Obligation (Continued)

Annual required contribution	\$	122,338
Interest on net OPEB obligation		2,279
Adjustment to annual required contribution		(3,278)
Other adjustment		-
Annual OPEB cost (expense)		121,339
Contributions made		(49,356)
Increase in net OPEB obligation		71,983
Net OPEB obligation-beginning of year		126,374
Net OPEB obligation-end of year	\$	198,357
 Annual OPEB cost contributed to the plan		 40.7%

9. DEFINED PENSION BENEFIT PLAN

All permanent full-time employees of the Agency participate in the Sacramento County Employees' Retirement System (System), a cost-sharing multiple-employer defined benefit public employee retirement system. A separate stand-alone report for the System may be obtained from the County Department of Finance located at 700 H Street, Sacramento, California 95814. The payroll for Agency employees covered by the System and direct charging to the Agency Enterprise Fund for the fiscal year ended June 30, 2011 and 2010 was \$7,546,415 and \$6,690,282 respectively. The Agency's total payroll for employees direct charging to the Agency Enterprise Fund for the fiscal year ended June 30, 2011 and 2010 was \$7,908,456 and \$7,105,754 respectively. Retirement benefits are based on member years of service and compensation. Additionally, the System provides for benefits upon death or disability of eligible members. Upon reaching five years of service, members earn the right to receive a retirement benefit, subject to certain restrictions if retirement is prior to attaining age 50 or achieving less than 10 years of service.

Under the actuarial funding method used by the System, investments are valued at market and all unrealized gains and losses are recognized over the next five years. Therefore, contribution rates reflect the impact of market fluctuations on investments during the five-year period after they occur rather than upon disposition of the investment.

Member contributions are required by law and are based on age of entry into the System. Fund contributions are actuarially determined to provide for the balance of contributions needed. The authority for both benefit provisions and contribution obligations is derived from the County Employees Retirement Act of 1937, Section 31450 et seq. of the California Government Code.

The contribution requirements for the past three fiscal years were as follows:

Fiscal Year	Required Contributions	Agency Contributions	Agency % of Covered Payroll	Employee Contributions	Employee % of Covered Payroll
Ended June 30, 2011	\$ 1,197,405	\$ 832,835	11.0%	\$ 364,570	4.8%
Ended June 30, 2010	1,069,794	719,829	10.8%	349,965	5.2%
Ended June 30, 2009	1,396,831	1,072,567	13.5%	324,264	4.1%

For additional information regarding retirement contributions for the year ended June 30, 2011, please refer to the County of Sacramento Comprehensive Annual Financial Report.

SACRAMENTO COUNTY WATER AGENCY ENTERPRISE FUND
NOTES TO THE BASIC FINANCIAL STATEMENTS (Continued)
FOR THE FISCAL YEARS ENDED JUNE 30, 2011 AND 2010

10. JOINT VENTURE

The Freeport Regional Water Authority (FRWA) was established in 2002 by a joint exercise of powers agreement between East Bay Municipal Utility District (EBMUD) and the Agency. The purpose of this partnership is to construct a joint regional surface water supply project on the Sacramento River near the community of Freeport and adjacent to the City of Sacramento. The jointly owned facilities consist of a Sacramento River diversion structure and a raw water conveyance pipeline. Associated with this project is the construction of the Agency's Vineyard Surface Water Treatment Plant which is scheduled to be in operation in early fiscal year 2011-12.

FRWA is governed by a four person Board of Directors, two from each member agency. The costs incurred by FRWA in carrying out its functions are allocated between its Members as follows:

- Capital costs and other fixed operating costs for the FRWA facilities are allocated between the Members based on the following share of dedicated capacity in the FRWA facilities: EBMUD – 54.054% and the Agency – 45.946%.
- Variable operating costs for FRWA facilities are allocated between the Members based on the cost of their proportionate share of the volume of use of the FRWA facilities or such other method as may be established by the Board or by mutual agreement of FRWA and its Members.

Each member agency pays their share of the construction of the water facilities quarterly. The Agency has no equity interest in the FRWA.

Upon completion of the diversion structure, the Agency will own water capacity rights according to their cost share in the overall project. These rights will be recorded as an intangible asset with an indefinite useful life. As of June 30, 2011 and 2010, costs are included in Construction in Progress.

For the fiscal years 2010-11 and 2009-10, the agency paid FRWA \$0 and \$12,432,069 respectively. As of June 30, 2011 and 2010, amounts due from FRWA to the agency were \$1,552,654 and \$0 respectively.

Copies of the FRWA's financial statements may be obtained from the FRWA Authority Treasurer, MS#801, P.O. Box 24055, Oakland, CA 94623-1055.

11. RELATED PARTY TRANSACTIONS

The Board of Supervisors of the County is also the Board of Directors of the agency. As a result, the County is considered a related party to the agency.

For fiscal years 2010-11 and 2009-10, the County paid the agency \$255,489 and \$665,702, respectively, for interest earned on Treasury deposits. In addition, the agency's labor force are employees of the County and the agency uses other County departments for other services, such as risk management, engineering, accounting, utility billing, etc. Expenses paid to the County during fiscal years 2010-11 and 2009-10 were \$1,757,134 and \$1,248,663 respectively. As of June 30, 2011 and 2010, amounts due from the County to the agency were \$67,603 and \$748,289 respectively. As of June 30, 2011 and 2010, amounts due to the County from the Agency were \$334,404 and \$115,416 respectively.

Because of the joint venture that exists between East Bay Municipal Utility District (EBMUD) and the Agency (as described in note 10), Freeport Regional Water Authority (FRWA) is considered a related party to the agency.

SACRAMENTO COUNTY WATER AGENCY ENTERPRISE FUND
NOTES TO THE BASIC FINANCIAL STATEMENTS (Continued)
FOR THE FISCAL YEARS ENDED JUNE 30, 2011 AND 2010

12. COMMITMENTS AND CONTINGENCIES

The Agency has entered into contracts for the construction of certain projects. At June 30, 2011 the unexpended balance of the contract commitments was approximately \$37,511,608.

The Agency is a defendant in various matters of litigation. Of these matters, management and the Agency's legal counsel do not anticipate any material effect on the June 30, 2011 financial statements.

13. TRANSFERS

Transfers in from the County for the period ending June 30, 2011 totaled \$1,169,658. These transfers resulted from Metro Air Park Supply Maintenance reimbursements and the transfer of net assets to the enterprise fund that was previously treated as a non-major special revenue fund of the Water Agency. Transfers out of the fund totaling \$690,865 for the period ending June 30, 2011 are primarily made up of the Fund's share of the debt service related to the pension obligation bonds.

Transfers in from the County for the period ending June 30, 2010 totaled \$631,037. These transfers resulted from money set aside in prior years to fund a new Department of Water Resources administration building that was postponed until a later date. During the year, monies were transferred back to the Sacramento County Water Agency Enterprise fund where they will remain until it is decided that building construction will occur. Transfers out of the fund totaling \$539,733 for the period ending June 30, 2010 are primarily made up of the Fund's share of the debt service related to the pension obligation bonds.

14. FUTURE ACCOUNTING PRONOUNCEMENTS

The Governmental Accounting Standards Board (GASB) releases new accounting and financial reporting standards, any of which may have a significant impact on the Agency's financial reporting process. Future new standards which may impact the Agency include the following:

Governmental Accounting Standard No. 57

In December 2009, the GASB issued statement No. 57, *OPEB Measurements by Agent Employers and Agent Multi-Employer Plans*. The objective of this statement is to address issues related to the use of the alternative measurement method and the frequency and timing of measurements by employers that participate in agent multiple-employer other postemployment benefit (OPEB) plans. This statement is effective for periods beginning after June 15, 2011. The Agency has not determined its effect on the financial statements.

Governmental Accounting Standard No. 60

In November 2010, the GASB issued Statement No. 60, *Accounting and Financial Reporting for Services Concession Arrangements*, for financial statements for periods beginning after December 15, 2011. The requirements of this Statement improve financial reporting by establishing recognition, measurement, and disclosure requirements for services concession arrangements (SCAs) for both transferors and governmental operators, requiring governments to account for and report SCAs in the same manner, which improves the comparability of financial statements. The Agency has not determined its effect on the financial statements.

Governmental Accounting Standard No. 61

In November 2010, the GASB issued Statement No. 61, *Financial Reporting Entity: Omnibus*, effective for financial statements for periods beginning after June 15, 2012. The requirements of this Statement result in financial reporting entity financial statements being more relevant by improving guidance for including, presenting, and disclosing information about component units and equity interest transactions of a financial reporting entity. The amendments to the criteria for including component units allow users of financial statements to better assess the accountability of elected officials by ensuring that the financial

14. FUTURE ACCOUNTING PRONOUNCEMENTS (Continued)

Governmental Accounting Standard No. 61 (Continued)

reporting entity includes only organizations for which the elected officials are financially accountable or that are determined by the government to be misleading to exclude. The amendments to the criteria for blending improve the focus of a financial reporting entity on the primary government by ensuring that the primary government includes only those component units that are so intertwined with the primary government that they are essentially the same as the primary government, and by clarifying which component units have that characteristic. Lastly, the requirements for reporting equity interests in component units help ensure that primary government financial statements do not understate their financial position and provide for more consistent and understandable display of those equity interests. The Agency has not determined its effect on the financial statements.

Governmental Accounting Standard No. 62

In December 2010, the GASB issued Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*, effective for financial statements for periods beginning after December 15, 2011. The objective of this Statement is to incorporate into the GASB's authoritative literature certain accounting and financial reporting guidance that is included in Financial Accounting Standards Board (FASB) Statements and Interpretations, Accounting Principle Board Opinions, and Accounting Research Bulletins of the American Institute of Certified Public Accountants' (AICPA) Committee on Accounting Procedure. Applicable pronouncements are those that were issued on or before November 30, 1989 and which do not conflict with or contradict GASB pronouncements. The Agency has not determined its effect on the financial statements.

Governmental Accounting Standard No. 63

In June 2011, the GASB issued Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, effective for financial statements for periods beginning after December 15, 2011. The requirements of this Statement result in improved financial reporting by standardizing the presentation of deferred outflows of resources and deferred inflows of resources as well as their effects on net financial position. The Agency has not determined its effect on the financial statements.

Governmental Accounting Standard No. 64

In June 2011, the GASB issued Statement No. 64, *Derivative Instruments: Application of Hedge Accounting Termination Provisions – An Amendment of GASB 53*, effective for financial statements for periods beginning after December 15, 2011. The objective of this statement is to clarify the circumstances in which hedge accounting should continue when a swap counterparty or swap counterparty's credit support provider is replaced. The Agency has not determined its effect on the financial statements.

** During the fiscal year ended June 30, 2006, the Agency discovered that purchased infrastructure from fiscal years ended June 30, 1997 through June 30, 2005, was inadvertently included in the capital contributions and capital assets financial statements line items, which resulted in the duplication in these accounts. As a result of this, certain 2005 amounts have been restated.

*** Restated as of June 30, 2007 to reflect the acquisition of water rights from the U.S. Bureau of Reclamation which had been omitted.

^ Through 2004-05, Development fees were combined with Charges for Services

^^ Through 2007-08, Water Service Charges and Connection Fees were combined with Charges for Services

^^^ Through 2007-08, Services to Others was reported as a reduction in the operating expenses to which they applied.

^^^^ Through 2007-08, County Labor-Department of Water Resources and Other charges combined with Services and supplies

** Most, but not all customers pay both the Zone 40 and Zone 41 components.

Note: Through June 30, 2008 the Sacramento County Water Agency Enterprise Fund had no employees. The staff of Sacramento County Department of Water Resources acted ex-officio as staff of the Water Agency per the Sacramento County Water Agency Act.

Restriction on Ability to Raise Rates:

Rate increases for water service are subject to the provisions of Article XIID Section 6(a) and (b) of the California Constitution, also known as Proposition 218. This section requires: 1) Individual mailed notification of proposed rate increases to all affected parcel owners; 2) a noticed public hearing; and 3) a process whereby written protests from a majority of affected parcel owners will prevent the increase. Lacking the majority protest, the appropriate governing Board may approve the increase.

SCHEDULE OF INFORMATION FOR CALIFORNIA SENATE BILL 1760

For the Fiscal Year Ended June 30, 2011

During 1998-99, the California Senate adopted Bill No. 1760, which requires the Agency to present the following information regarding its operations:

Description of capacity charges:

The Agency receives capacity charges from developers. The charges are development impact fees which provide funds for the planning, design and construction of a safe and reliable water supply infrastructure, including water wells, water treatment plants and transmission mains.

Description of public improvement projects:

The Agency is involved in various on-going capital improvement projects that have been discussed in depth in the Introductory Section of this report. These projects include water wells, water treatment plants and transmission mains, as well as participation in the development of a new regional water supply facility known as the Freeport Regional Water Project. There were no inter-fund loans between the Agency and other County funds or agencies, which involved capacity charges. During 2010-11, capital costs of \$41,862,635 were funded out of capacity charges, interest earnings, other revenues and fund equity. \$41,185,490 was spent on capital costs funded from bond proceeds.

Financial Information:

Net equity provided from capacity charges – Beginning of Year	\$	96,624,661
Net equity provided from capacity charges – End of Year		123,531,745
Interest revenues on capacity charges		83,103
Capacity charges collected during the year		9,464,600

SACRAMENTO COUNTY
WATER AGENCY ENTERPRISE FUND

*A Component Unit of the County of Sacramento
Sacramento, California*

Bond Disclosure Section

For the Fiscal Years Ended June 30, 2011 and 2010

**ANNUAL REPORT FOR THE SACRAMENTO COUNTY
WATER AGENCY ENTERPRISE FUND**
For the Fiscal Years Ended 2011 and 2010

On April 8, 2003, the Agency entered into a Joint Exercise of Powers Agreement with Sacramento County to form the Sacramento County Agency Financing Authority (the Authority) for the purpose of facilitating the financing of acquisition and/or construction of real and personal property in and for the Agency. The Board of Directors of the Agency serves as the Authority's governing board. For financial reporting purposes, the Master Installment Purchase Contract between the Agency and the Authority has been eliminated.

This section is provided in accordance with the requirements of the "Continuing Disclosure Certificate (the Certificate) for the Sacramento County Water Financing Authority Revenue Bonds Series 2003, Series 2007A and Series 2007B". The material provided under the Certificate is intended to meet or exceed the requirements of Securities and Exchange Commission Rule 15c2-12(b)(5) (the Rule). The data tables provided herein apply to both the 2003 and 2007 issues.

This Bond Disclosure Section included within the Agency's Comprehensive Annual Financial Report (CAFR) provides the information required by the Continuing Disclosure Certificate. The CAFR, in turn, will be filed with each National Repository specified in the Rule, and with any other repository that shall be identified in the future.

ANNUAL REPORT

As required by the Certificate, this annual report is incorporated into the CAFR and thus, includes by reference, the audited financial statements of the Agency for the prior fiscal year.

The annual report also contains the following five (5) sections as required in the Certificate:

- (1) Approximate number of connections to which the Agency delivered water
- (2) Zone 40 Monthly Service Fee generally imposed on customers
- (3) Zone 41 Monthly Service Fee generally imposed on customers
- (4) Zone 40 Impact Fees
- (5) Information contained in "Summary of Projected Operating Results" table on page 25 of the 2003 Bonds Official Statement

REPORTING OF SIGNIFICANT EVENTS

As of July 1, 2009, Ambac, the bond insurer for the Sacramento County Water Financing Authority Revenue Bonds Series 2003, ratings were downgraded to Ba3 by Moody's and BBB by Standard and Poor's, and Fitch had withdrawn its rating. During Fiscal Year 2009-10, Ambac's ratings were further downgraded to Caa2 by Moody's and Standard and Poor's had withdrawn its rating. The Series 2003 Revenue Bonds now carry the Agency's underlying ratings of Aa3 (Moody's) and A+ (Standard and Poor's).

As of July 1, 2009, the original bond insurer for the Sacramento County Water Financing Authority Revenue Bonds Series 2007, Financial Guaranty Insurance Company (FGIC), had this transaction "reinsured" by MBIA Insurance Corporation, which is now National Public Finance Guarantee Corporation, and was rated Baa1 by Moody's and A by Standard and Poor's. At the end of Fiscal Year 2010-11 these ratings had not changed. The Series 2007 Revenue Bonds now carry the Agency's underlying ratings of Aa3 (Moody's) and A+ (Standard and Poor's).

The above insurer downgrades were disclosed as material events when the downgrades were announced. No additional significant events, as identified in Section 5 of the Certificates, have occurred during the fiscal year ended June 30, 2011.

As of June 30, 2011, there is no knowledge on the part of the Board of Directors, officers, or employees of Sacramento County Agency of any impending significant event that would require disclosure under the provisions of the Certificate.

**ANNUAL REPORT FOR THE SACRAMENTO COUNTY
WATER AGENCY ENTERPRISE FUND**
For the Fiscal Years Ended 2011 and 2010

ADDITIONAL INFORMATION

The Certificate requires that the following information be updated annually:

Section 3(b)(i) A table indicating the number of connections to which the Agency delivered water.

Fiscal Year:	2006-07	2007-08	2008-09	2009-10	2010-11
Number of connections:	46,558	47,760	48,438	49,069	49,580
Annual Percent Increase:	2.9%	2.6%	1.4%	1.3%	1.0%

Section 3(b)(ii) Zone 40 Monthly Service Fee generally imposed on customers.

The Zone 40 Service Fee tariff has been \$5.00 per month per account from 1986 until 2001-2002. The fee tariff was changed in October 2002 to \$5.50 per month, in October 2003 to \$7.00, in October 2004 to \$7.70 per month, in October 2005 to \$8.47 per month, in July 2007 to \$12.47 per month, in July 2008 to \$16.47 per month, in July 2009 to \$21.17 per month, in July 2010 to \$23.97 per month, and again in July 2011 to \$25.80 per month.

Section 3(b)(iii) Zone 41 Monthly Service Fee generally imposed on customers.

(for a typical single family residential un-metered customer, per month)

Fiscal Year:	2006-2007	2007-2008	2008-2009	2009-2010	2010-2011
Monthly Rate:	\$ 20.33	\$ 23.33	\$ 26.33	\$ 29.62	\$ 33.32

Robert B. Leonard

Administrator
Municipal Services Agency

Michael L. Peterson

Director
Department of Water Resources

Susan R. Purdin, CPA

Chief Financial and Administrative Officer
Department of Water Resources

Bill Konigsmark

Accounting Manager
Department of Water Resources

About the cover:

This year's CAFR cover depicts the newly constructed Vineyard Surface Water Treatment Plant (VSWTP). VSWTP is a corresponding element to the Freeport Regional Water Project (FRWP), which is a cooperative effort between the Sacramento County Water Agency (Agency) and the East Bay Municipal Utility District of Oakland to supply surface water from the Sacramento River to customers within the boundaries of the Agency and the East Bay area of California. Up to 85 million gallons per day of surface water will be drawn from the Sacramento River at the FRWP Intake Facility, transported east through new 84-inch diameter pipelines and then treated by the Agency's VSWTP before being delivered to Agency customers. These projects, completed in 2011, provide the Agency with the ability to alternate the use of groundwater with surface water, thereby assuring its customers have a dependable drinking water supply for decades to come. The Agency's cost share of this project was funded by the Sacramento County Water Financing Authority's 2007 bond issue.
